SOME IMPORTANT INFORMATION FOR RESELLERS:

- The choice of frame **does not interfere** with the design model chosen for the chair;
- Aluminum frames are more suitable for environments **with sea air exposure, as they do not oxidize like black steel;**
- Aluminum frames are lighter than black steel, **making shipping costs cheaper;**
- Black steel frames are the **most popular** for indoor use, as they are more **sophisticated than aluminum.**

extra large armchair

MODEL: **JADE**
COLORS: **MILITAR AND MARINHO**

EXTRA LARGE SIZE CHAIR

The extra-large armchair's frame is made entirely of aluminum. Its backrest is higher than a standard-sized chair, and the seat width is also greater.
